

Remarks

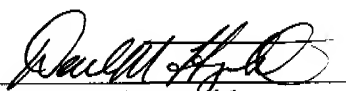

The Notice of Allowance and Issue Fee Due mailed February 29, 2008 has been carefully reviewed and the foregoing amendment has been made in consequence thereof.

The correction to the Specification and to dependent Claims 7, 17 and 27 is being presented at this time because it was not discovered until after allowance by the Office. This Amendment is being presented before payment of the Issue Fee.

Specifically, the correction being made by this Amendment corrects a formula appearing within the Specification and the Claims by changing the denominator of the formula from a multiplication step to an addition step. Applicants submit that this error was a typographical error. Inasmuch as the above amendments are designed to improve the form of the application, entry of the amendments is respectfully requested.

Therefore, it is submitted that this minor correction requires no further examination. Applicants therefore request that this Amendment be entered.

Respectfully Submitted,
